**Public Hearing  
eLearning Plan  
August 13, 2020  
7:40 p.m.**

Brian Cerniglia, President of the Arlington Heights School District 25 Board of Education, called the Public Hearing for the eLearning Plan to order at 7:40 p.m. The public hearing was held at the Dunton Administration Building, 1200 S. Dunton Avenue, Arlington Heights, Illinois.

Dr. Becky FitzPatrick, Assistant Superintendent for Student Learning, along with Dr. Peg Lasiewicki, Assistant Superintendent for Student Services, addressed the Board and audience. Dr. FitzPatrick stated that eLearning will allow students an opportunity to engage in remote learning activities that will continue to advance learning during emergency building closures, in lieu of the district's scheduled emergency days, and will allow for a predictable end of the school year. She provided historical information, and noted that in March the district had a provisional eLearning plan in place. In July the plan was shared with staff and the public, and after it is presented to and approved by the Board at this meeting, it will go to the Regional Office of Education for final approval.

The plan elements were reviewed. The eLearning day will consist of online and non-technology-based activities. Student attendance will be recorded and monitored and student engagement will take place on the actual emergency day. The eLearning day will include whole-class and small group instruction; daily interaction with students for core subjects; and consistent interaction for specials and support services.

Dr. Lasiewicki provided information on Special Education services. The team will assess the level of support needed for eLearning; students will be provided support for classwork or core lessons from their SPED teacher; and eLearning will be discussed at the annual review meeting for all IEP students.

Mr. Cerniglia asked if anyone at the meeting was here for the public hearing and if there were any public comments. Being none, the public hearing was adjourned at 7:46 p.m.
