INFORMATION ITEMS

Department of Business and Finance - Assistant Superintendent of Business/CSBO, Stacey Mallek

Third Quarter Budget Update

This information is intended to provide the Board with a picture of the District's financial performance for the 3rd Quarter. For 2017-18 District 25 budgeted a total deficit of \$13.2 million of which only \$1.4 million is not a result of the bonds and projects funded by the bonds. Based upon the results of the first two quarters, it is possible District 25 will end the year with less revenue than budgeted, although the balance due at this point from the State is much less than years past due to the new funding formula. Based on many factors, including but not limited to the anticipation by the District of not spending the entire expenditure budget or bond proceeds, as the Greenbrier project will go through the summer, the District anticipates ending the year with less of a deficit than budgeted.

Superintendent's Office - Superintendent Dr. Lori Bein, Ed.D.
