4. High-Quality Staff Goal
5. Stewardship of Resources Goal

Digital Safety

DIGITAL SAFETY - CULTURE

Cultivate a culture of safety in a dynamic digital landscape of people, procedures, and platforms

- Digital citizenship and literacy for students
 - Digital Internet License (onboarding)
 - Digital citizenship week
 - Collaboration with Tech staff, LMC, AHPD
- Staff professional learning
- Ongoing review of procedures and access
- Limited use of Personal Identifiable Information (PII)

Acceptable Use and Access to Network Procedures

- Intended use
- Examples of un/acceptable use
- Network etiquette
- Internet safety
- Device use guidelines

Overall Network Security

- Network monitoring tools
- Activity detection and event logs
- Coordination of services
- Robustness of equipment
- Regular software updates and patches

Device settings

- Internet filter applied to device at all times
- Google SafeSearch enabled
- Notifications of inappropriate or threatening content
- Search, email, and messaging logged
- Active proctoring by staff
- Two-factor authentication for staff

Digital platform management

- Application form and approval of applications
- Data-sharing agreements with vendors (as applicable)
- Identification of core and supplemental tech tools
- Control of installations through MDM and self-service
- Database of active applications
- Utilization of Vendor Assessment Tool
