STUDENT DATA UPDATE

DATA PRIVACY AS PRIORITY

▸ It is our legal and ethical obligation to protect students and their data.

▸ Personally Identifiable Information (PII) includes information such as name, DOB, address, grades, ID numbers, etc.

CURRENT AREAS OF FOCUS

▸ Web page with approved platforms and tools include privacy policies and terms of service.

  ▸ Reviewed twice per year for updates

▸ Educational websites & web-based tools information in handbook and online.

▸ Limited personally identifiable information (PII) in student accounts.

CURRENT AREAS OF FOCUS

▸ Information provided to staff regarding available systems and platforms.

  ▸ Review of subscriptions and applications through Tech Facilitators.

▸ Maintaining access and monitoring controls.

▸ Updated data breach protocol.

STUDENT ONLINE PERSONAL PROTECTION ACT (SOPPA)

▸ Updated Student Online Personal Protection Act, will go into effect July 2021.

▸ The significant changes made to this law impact:

  ▸ School Districts (BOE Policy 7:345)

  ▸ The Illinois State Board of Education

  ▸ Educational technology vendors who plan on working with these entities

Some information complied from Himes, Petrarca and Fester

KEY CONCEPTS AND EXPECTATIONS

▶ An operator is any 3rd party (website, resource, service, software, app). Operators host, process, gather, and maintain data from parents and students.

▶ Schools and Operators may only collect information for school related purposes.

KEY CONCEPTS AND EXPECTATIONS CONT.

- The district must:

  - Have a written agreement with operators that deals with personally identifiable information (PII).

  - Post a variety of information on website including data review procedures, vendor agreements, data shared, and data breaches.

CURRENT SOPPA RELATED ACTIVITIES

▸ Recent adoption of BOE policies (7:345)

  ▸ Updated data breach procedures and responsibilities

▸ Training with LTC (Learning and Technology Center of Illinois)

▸ Member of SPDC (Student Data Privacy Consortium)

▸ Ongoing collection of data agreements with operators

CURRENT SOPPA RELATED ACTIVITIES

▶ Coordinating with legal teams and other districts

▶ Meetings and communications with:

  ▶ Cabinet | Administrative team | Tech facilitators | Staff

▶ Utilizing LearnPlatform for both staff and public facing information to provide updated and required information

General classroom/school use (these accounts generally include a username/id, password, and grade level but do not include other information such as address or date of birth):

LearnPlatform

NEXT STEPS

▸ Continue sending out requests for data sharing agreements

▸ Build out LearnPlatform with new information

▸ Communicate info and develop materials for staff and community

▸ Update website as applicable to meet requirements

▸ Communicate approval process for any new platforms or services

▸ Plan for additional training in fall including new teacher sessions
