Thursday, December 16, 2021

Dear District 25 Staff & Families,

I hope this email finds you well. The District is aware of a threat circulating on TikTok stating “school shootings and bomb threats for every school in the USA even elementary” that will supposedly take place on Friday, December 17, 2021. The District does have a risk and threat assessment protocol in place. There is no specific threat to AHSD25 or any of its schools. Our local law enforcement officials are also aware of this nationwide threat and are monitoring the situation.

As always, we ask parents and students to be vigilant while on social media and to immediately report any threatening messages or images to the school and/or local law enforcement. Please take this opportunity to continue a conversation with your family on social media use and appropriate online behavior.

If a parent or student has any information or questions, they should contact their school principal or they should contact the Arlington Heights Police Department.

Also, please read this important letter ([linked here](#)) about student mental health put together by our Department of Student Services. Linked and listed within this letter are some resources should you feel your child needs additional support.

Sincerely,

Lori D. Bein, Ed.D.
Superintendent
