or by contacting

Jill@spcah.org or

Kari@spcah.org

Join us for this parenting series to **TACO-bout** your child's phase of life ...and enjoy dinner!

You have approximately 936 weeks from the time your child is born until he or she graduates from high school.

It goes by fast, and kids change and grow quickly. It's as if they shift or move on just as you're starting to figure them out. It all makes the responsibility to shape a child's faith and character feel overwhelming.

***PARENTING THROUGH THE PHASES** will simplify what a parent needs to know about each phase of a kid's life and gives them the opportunity to discover more about their children—so they can make the most of every phase.

Book your babysitters now and join us!

*The program will also explore the important role of **YOUR** faith beliefs in your child's development.
