**Musical Theatre Program  
 10-22 years old**

An educational and therapeutically based program, for individuals with disabilities, that culminates in a fully adapted musical theatre performance. The focus of this program is on individualized skill development to enhance social skills, speech/language skills, and self-confidence. Each student is paired with a peer mentor and together they practice and perform on stage.

**Peer Mentor Program  
 10-18 years old**

This program offers neurotypical students the opportunity to receive disability inclusion education as they work one-on-one with a student actor during classroom activities, choreography, stage work, and character development. Mentors receive disability awareness training with one-on-one coaching and support. The peer mentor program fosters lifelong relationships that celebrate and honor creative differences.

**\* ALL SGT PROGRAMS ARE TUITION BASED. FINANCIAL**
